

4 REASONS TO JOIN CARSON'S MAINTENANCE PROGRAM

AVOIDS EXPENSIVE REPAIRS

Most pressure washers are only checked after they break down. Regular review can prevent small issues from becoming expensive repairs further down the line.

MAINTAINS SAFETY

Marginal hoses, safety valves and pressure unloaders may stop working properly due to normal wear-and-tear over time. Protect your team with a full inspection that reviews equipment safety features.

OPTIMIZES MACHINE PERFORMANCE

Mineral deposits and other factors will slowly decrease pressure in your machine. Regular maintenance keeps your equipment running at top performance.

PROTECTS YOUR INVESTMENT

Equipment that's regularly maintained lasts longer, so you get the most out of your equipment purchase.

SCHEDULED MAINTENANCE INSPECTION PROGRAM

PROGRAM DETAILS

1. Scheduled Maintenance Program fee includes complete pressure washer inspection and travel time to locations within 60 miles of Portland, Oregon. Program includes replacement of a standard spray nozzle, quick couplers (up to 3 pair), changing out pump oil, and adjusting all belts and all grease required. Any additional lubricants, fluids, filter cartridges, parts and materials required will be billed out at prevailing prices.
2. If needed, most repairs can be done on-site at your appointment and will be performed upon authorization. However, some repairs may only be performed at our Carson Equipment shop. If additional service is recommended, your service tech will discuss options with you. Additional maintenance service is scheduled or performed only upon authorization. Additional labor, travel and parts required will be billed at prevailing prices.
3. The machine must be available promptly for servicing upon arrival of mechanic at location or an additional labor charge will be made for waiting time. A suitable place must be provided to permit the mechanic to work on machines unrestricted by space limitations and other interferences.
4. The equipment to be serviced at your appointment is listed at left. Additions and deletions will be made to the agreement as required and agreed to by both parties. Please call your Carson Equipment Sales Representative or 503.283.4011 if you need to make any changes to your Scheduled Maintenance Program.

COST \$229.99 for 1st machine. \$115 for 2nd
